## Lower School Testimonials

Schilling is the best school, because in my other school I had to spell 3 and 4 letter words! Now that I'm at Schilling, I feel better because I don't have to spell words like "spot" and "read"! In my other school, we didn't read any chapter books! - *Sarah 2<sup>nd</sup> grade*

Schilling is the best school ever; the teachers are always nice to us. - *Erica Kindergarten*

I enjoy Schilling, because you get more attention than other schools. I like that I am challenged. - *Megan 3<sup>rd</sup> grade*

Schilling is a joyful school and is the best looking school. - *Gianna Kindergarten*

The Head of School is nicer than at my *old* school. I have a lot more freedom here than I had at my old school. Schilling challenges me more than my old school. This school tries hard to let everybody be bilingual. - *Curtis 2<sup>nd</sup> grade*

Schilling means advancing at my own pace and getting to do lots of hands-on activities. - *Rita 4<sup>th</sup> grade*

Schilling means no public school! Schilling means having a business. Schilling means challenging work. - *Adam 4<sup>th</sup> grade*

A school of joy, because they really care for the children and the teachers are nice to us. - *Zachary Kindergarten*
